Made in the United States

INTRODUCTION

To assist those with impaired sight, embossed Braille publications, Braille labels for audio media, and a number of publications in electronic formats are produced. Embossed Braille publications and media with Braille labels may be requested using the jw.org Web site or by using a *Braille Request Form* (S-59). Electronic files may be requested using an S-59 form. The Braille publications produced in the United States are listed on the following pages under each language and grade available. Please consult the monthly announcements to all congregations for new Braille items produced after this list was published. Below are the languages available in each format:

Embossed: All embossed Braille publications are bound in paper covers and are produced in one volume unless otherwise noted. Publications in **English, Albanian, Bulgarian, Chichewa, Finnish, French, German, Italian, Kirundi, Malagasy, Russian, Spanish, and Swahili** are produced in this format.

Audio: Braille labels are provided for all CDs, MP3s, and DVDs produced in **English, French, German, Italian, and Spanish**. However, items in audio format in many more languages are available. For example, many with impaired sight may benefit by downloading audio media from the jw.org Web site. *Our Kingdom Ministry* and *The Watchtower—On DVD* in **American Sign Language** are also available with Braille labels.—See page 3.

Electronic: A number of items are also produced in electronic formats. Notetaker and screen reader files are produced for items in **English, French, German, Italian, and Spanish**.

Braille items produced at other branches, which include items in **Dutch, Japanese, Korean, Polish, Portuguese, and Ukrainian**, are not included on this list. To inquire regarding the availability of these items or any items that are not listed, you may send an e-mail to ShippingCorrespondence@jw.org with the word “Braille” in the subject line or call (845) 744-6000.
