TO ALL BODIES OF ELDERS

Dear Brothers:

This is to clarify the hour requirement for regular pioneers for the 1999 service year. The requirement is 840 hours for the entire service year, September 1998 through August 1999. Pioneers who reported more than 70 hours for any of the first four months of this service year will be permitted to count all that time toward their 840 hours. Thank you.

Your brothers,
